Good Evening, Innovation Families,

I hope you enjoyed a nice weekend in San Diego. I was happy to see that our boys and girls basketball teams both went 2-0 on Saturday! The boys beat Knox and Millennial Tech, and the girls beat Grant and Marston. Our track also did well, with many athletes setting their personal best. Here are the results of every event from Saturday's meet.

Request to Support Our Students
Are you interested in speaking with our students about your career or possibly serving as a mentor to one of our students? If so, please fill out this form. We are building a database of professionals who are interested in participating in career-focused events and supporting our curriculum both this year and in the future. Ideally we will be able to bring on everyone, but please note that submitting your information does not guarantee that you will be selected; we are looking for a variety of careers and opportunities based on our students' needs and programming. Thank you for your interest in supporting our students

Student ID Cards
Students will be coming home with their school IDs this week. While students don't need to wear their IDs, they are expected to have it with them every day. Please make sure your student keeps their ID in their backpack. We appreciate your support!
